CONTENTS

PART 1 JANUARY 2005

EDA, S. and SHERMAN, I. W. Selection of peptides recognized by human antibodies against the surface of *Plasmodium falciparum*-infected erythrocytes 1

VAN DER KOLK, M., DE VLAS, S. J., SAUL, A., VAN DE VEGTE-BOLMER, M., ELING, W. M. and SAUERWEIN, W. Evaluation of the standard membrane feeding assay (SMFA) for the determination of malaria transmission-reducing activity using empirical data 13

CLARK, C. J., PHILLIPS, R. S., McMILLAN, R. B., MONTGOMERY, I. O. and STONE, T. W. Differences in the neurochemical characteristics of the cortex and striatum of mice with cerebral malaria 23

MORRIS, D. J., TERRY, R. S., FERGUSON, K. B., SMITH, J. E. and ADAMS, A. Ultrastructural and molecular characterization of *Bacillidium vesiculoformis* n.sp. (Microspora: Mrazekiidae) in the freshwater oligochaete *Nais simplex* (Oligochaeta: Naididae) 31

GOTTSTEIN, B., RAZMI, G. R., AMMANN, P., SAGER, H. and MÜLLER, N. Toltrazuril treatment to control diaplacental *Neospora caninum* transmission in experimentally infected pregnant mice 41

GURARIE, D. and KING, C. H. Heterogeneous model of schistosomiasis transmission and long-term control: the combined influence of spatial variation and age-dependent factors on optimal allocation of drug therapy 49

ROBIJN, M. L. M., WUHRER, M., KORNELIS, D., DEELDER, A. M., GEYER, R. and HOKKE, C. H. Mapping fucosylated epitopes on glycoproteins and glycolipids of *Schistosoma mansoni* cercariae, adult worms and eggs 67

SANTOS, A. L. S., ABREU, C. M., ALVIANO, C. S. and SOARES, R. M. A. Use of proteolytic enzymes as an additional tool for trypanosomatid identification 79

DE MAERE, V., VERCAUTEREN, I., GELDHOF, P., GEVAERT, K., VERCRUYSSE, J. and CLAEREBOUT, E. Molecular analysis of astacin-like metalloproteases of *Ostertagia ostertagia* 89

STIEN, A., DALLIMER, M., IRVINE, R. J., HALVORSEN, O., LANGVATN, R., ALBON, S. D. and DALLAS, J. F. Sex ratio variation in gastrointestinal nematodes of Svalbard reindeer: density dependence and implications for estimates of species composition 99

POULIN, R. Relative infection levels and taxonomic distances among the host species used by a parasite: insights into parasite specialization 109

HU, M., GASSER, R. B., CHILTON, N. B. and BEVERIDGE, I. Genetic variation in the mitochondrial cytochrome *c* oxidase subunit 1 within three species of *Progamotaenia* (Cestoda: Anoplocephalidae) from macropodid marsupials 117

ISLAM, M. K., MIYOSHI, T., YOKOMIZO, Y. and TSUJI, N. Molecular cloning and partial characterization of a nematode-specific 24 kDA protein from *Ascaris suum* 131

PART 2 FEBRUARY 2005

REVIEW ARTICLE

BUTCHER, G. A. T-cell depletion and immunity to malaria in HIV-infections 141

BARHAM, M., STÜTZER, H., KARANIS, P., LATIF, B. M. and NEISS, W. F. Seasonal variation in *Sarcocystis* species infections in goats in northern Iraq 151

SATO, H., OSANAI, A., KAMIYA, H., OBARA, Y., JIANG, W., ZHEN, Q., CHAI, J., UNE, Y. and ITO, M. Characterization of SSU and LSU rRNA genes of three *Trypanosoma* (*Herpetosoma*) *grosi* isolates maintained in Mongolian jirds 157

BANDILLA, M., HAKALAHTI, T., HUDSON, P. J. and VALTONEN, E. T. Aggregation of *Argulus coregoni* (Crustacea: Branchiura) on rainbow trout (*Oncorhynchus mykiss*): a consequence of host susceptibility or exposure? 169

SHIRAKASHI, S. and GOATER, C. P. Chronology of parasite-induced alteration of fish behaviour: effects of parasite maturation and host experience 177

SCHABUSS, M., KENNEDY, C. R., KONECNY, R., GRILLTISCH, B., SCHIEMER, F. and HERZIG, A. Long-term investigation of the compostion and richness of intestinal helminth communities in the stocked population of eel, *Anguilla anguilla*, in Neusiedler See, Austria 185

CROSS, M. A., IRWIN, S. W. B. and FITZPATRICK, S. M. Effects of host habitat quality on the viability of *Cryptocotyle lingua* (Trematoda: Digenea) cercariae 195

STEPEK, G., BUTTLE, D. J., DUCE, I. R., LOWE, A. and BEHNKE, J. M. Assessment of the anthelmintic effect of natural plant cysteine proteinases against the gastrointestinal nematode, *Heligmosomoides polygyrus, in vitro* 203

BAJER, A., BEHNKE, J. M., PAWELCZYK, A., KULIŚ, K., SERADA, M. J. and SIŃSKI, E. Medium-term temporal stability of the helminth component community structure in bank voles (*Clethrionomys glareolus*) from the Mazury Lake District region of Poland 213

DE GRUIJTER, J. M., GASSER, R. B., POLDERMAN, A. M., ASIGRI, V. and DIJKSHOORN, L. High resolution DNA fingerprinting by AFLP to study the genetic variation among *Oesophagostomum bifurcum* (Nematoda) from human and non-human primates from Ghana 229

CHUNG, J.-Y., KHO, W.-G., HWANG, S.-Y., JE, E.-Y., CHUNG, Y.-T., KIM, T.-S., EOM, K.-S., SOHN, W.-M., CHO, S.-Y. and KONG, Y. Molecular determination of the origin of acephalic cysticercus 239

BOOKS RECEIVED 247

PART 3 MARCH 2005

REVIEW ARTICLE

YUTHAVONG, Y., YUVANIYAMA, J., CHITNUMSUB, P., VANICHTANANKUL, J., CHUSACULTANACHAI, S., TARNCHOMPOO, B., VILAIVAN, T. and KAMCHONWONGPAISAN, S. Malaria (*Plasmodium falciparum*) dihydrofolate reductase-thymidylate synthase: structural basis for antifolate resistance and development of effective inhibitors 249

RIBEIRO, S. F., SEBAIO, F., BRANQUINHO, F. C. S., MARINI, M. Â., VAGO, A. R. and BRAGA, É. M. Avian malaria in Brazilian passerine birds: parasitism detected by nested PCR using DNA from stained blood smears 261

EL-SHEWY, K. A. and EID, R. A. *In vivo* killing of *Giardia* trophozoites harbouring bacterial endosymbionts by intestinal Paneth cells: an ultrastructural study 269

PAPAGEORGIOU, I. G., YAKOB, L., AL SALABI, M. I., DIALLINAS, G., SOTERIADOU, K. P. and DE KONING, H. P. Identification of the first pyrimidine nucleobase transporter in *Leishmania*: similarities with *Trypanosoma brucei* U1 transporter and antileishmanial activity of uracil analogues 275

FRANZEN, C., MÜLLER, A., HARTMANN, P. and SALZBERGER, B. Cell invasion and intracellular fate of *Encephalitozoon cuniculi* (Microsporidia) 285

BASSO, W., EDELHOFER, R., ZENKER, W., MÖSTL, K., KÜBBER-HEISS, A. and PROSL, H. Toxoplasmosis in Pallas' cats (*Octocolbus manul*) raised in captivity 293

WILLIAMS, R. H., MORLEY, E. K., HUGHES, J. M., DUNCANSON, P., TERRY, R. S., SMITH, J. E. and HIDE, G. High levels of congenital transmission of *Toxoplasma gondii* in longitudinal and cross-sectional studies on sheep farms provides evidence of vertical transmission in ovine hosts 301

AI-ADHAMI, B. H., NOBLE, C., SHARAF, O., THORNHILL, J., DOENHOFF, M. J. and KUSEL, J. R. The role of acidic organelles in the development of schistosomula of *Schistosoma mansoni* and their response to signalling molecules 309

LOPEZ, J. E., GALLINOT, L. P. and WADE, M. J. Spread of parasites in metapopulations: an experimental study of the effects of host migration rate and local host population size 323
